FIRE OFFICER I

NFPA 1021, 2014 Edition

Effective January 1, 2015

Texas Commission on Fire Protection
P.O. Box 2286 Austin, Texas 78768-2286 (512) 936-3838

INSTRUCTION SHEET

FIRE OFFICER I PERFORMANCE SKILLS

Format

Similar Fire Officer I skills are combined into one skill sheet when possible. These skill sheets should be used in a progressive type grading format. The skill sheet is broken into each individual skill objective. The Examiner should evaluate the Fire Officer I candidates as they complete each skill of the evaluation. The skills that could not be combined are provided as independent skill sheets.

For skill sheets that do not contain time constraints, the Course Instructor should specify time constraints as necessary.

Scoring Method

The scoring method is satisfactory (S) or unsatisfactory (U) for each step of the skill objective, and a Pass or Fail for each individual skill section. In order to successfully pass an individual skill section, the Fire Officer I candidate must receive satisfactory scores in all the steps of the skill objective. In order to receive an overall Pass on the skill sheet, the Fire Officer I candidate must receive a passing score for all individual skill sections. If a step of a skill objective is scored Unsatisfactory, only that skill objective must be retested. For example, if a candidate fails step b of Skill 4-3, he or she must be retested on Skill 4-3, in its entirety.

Any unsatisfactory or individual skill failure shall require the examiner to explain the reason for the failure, in written form, in the comments section of the skill sheet.

Preparation and Equipment

Activity sheets are provided for some performance skills. Course Instructors are encouraged to use these activity sheets to meet the minimum requirements, or may modify the activity sheets to meet or exceed the standard to fit their department or agency needs.

Many of the skill sheets require the use of department policies. It is suggested that you use the policies and procedures of your department. If you are teaching this course at a non-departmental institution, acquire a fire department's policies and procedures, or modification thereof, to complete these skills.

For optimal learning, scenario-based training and role-playing is recommended; however, based on departmental needs, certain activities may be simulated by other means.

Fire Officer I

OBJECTIVE

Assign tasks or responsibilities to unit members, given an assignment under nonemergency conditions at a station or other work location, so that the instructions are complete, clear, and concise; safety considerations are addressed; and the desired outcomes are conveyed. (4.2.2)

Coordinate the completion of assigned tasks and projects by members, given a list of projects and tasks and the job requirements of subordinates, so that the assignments are prioritized, a plan for the completion of each assignment is developed, and members are assigned to specific tasks and both supervised during and held accountable for the completion of the assignments. (4.2.6)

INSTRUCTIONS - procedures for achieving the objective

Part 1

Using the information sheet and the policies and procedures provided, the Fire Officer I candidate shall demonstrate the ability to complete the assignment of tasks or projects to unit members and plan, schedule and prioritize job related responsibilities during a given time period. The Fire Officer I candidate shall provide a narrative that describes how he or she established priorities for the scheduling. Also, the Fire Officer I candidate shall include in the narrative how he or she intends to communicate the station and work assignments to all personnel involved.

Part 2

Using the completed calendar and narrative from Part 1 above, the Fire Officer I candidate shall use a role-play scenario to demonstrate the ability to verbally assign tasks or responsibilities to unit members, given an assignment under non-emergency conditions at a station or other work location, so that the instructions are complete, clear, and concise, safety considerations are addressed, and the desired outcomes are conveyed.

Human Resource Management – Skill Number 4-3 Activity Sheets

The Fire Officer I candidate shall be assigned as a Station Captain on the “C” shift and be responsible for coordinating the following assignments to ensure that all requests for service are completed.

The station that the candidate is assigned to houses one engine and one ambulance. In addition to the Captain, there are six other members assigned to the station. **Minimum staffing is five firefighters.**

Lieutenant Washington, Driver/Operator Smith, Driver/Operator Garcia, Firefighter Hurst, Firefighter Jones, Firefighter Jefferson

The month that the candidate is responsible for scheduling is September, and the shift schedule is 24/48.

The priority for scheduling is: 1) Staffing 2) Mandatory assignments 3) Requests

All information will be shown on the calendar. The candidate should write his or her name/department on the calendar.

Mandatory assignments:

- Each company will spend 1 hour/day riding territory
- Each company will perform 10 inspections/month (Each inspection takes 45 minutes)
- Each firefighter must complete 20 hours of training/month
- September is the month assigned by the fire department as fitness testing month for each firefighter. The testing takes 3 hours per firefighter and can only be completed Tuesday through Friday

If the candidate cannot ensure that his or her station or any of the firefighters can complete any of the assignments, a memo to the Battalion Chief must be generated and turned in with the shift calendar explaining the failure to meet the assigned objectives. (This would include the name of any business that was not inspected.)

TEXAS COMMISSION ON FIRE PROTECTION
Fire Officer I

Performance Standards Evaluation

The Fire Officer I candidate shall use a calendar to schedule the following events:

- Mrs. Johnson requests that her pool be filled by the engine during the second week of September.
- Driver/Operator Smith calls in sick with the flu on the 3rd and is off 3 shifts.
- Identify (**via memo**) when overtime is needed to meet minimum staffing requirements. **This includes showing who is scheduled to receive ride-up pay.**
- Deputy Chief Allen requests help on the 21st and 24th for PT testing new applicants. The assigned time for this is 0900-1300 both days.
- Firefighter Jones is scheduled on vacation September 6th through 18th.
- The Engine responds to an apartment fire on the 21st (1000-1600).
- Station tours are scheduled for the 12th (1400-1600) and 18th (1000-1100).
- The Parks Director has requested that each station assist in planting trees. This will take 4 hours. The project can only be done on Saturdays. This is a community priority, and is supported by the Fire Chief.
- Lieutenant Washington has vacation scheduled the 22nd through the 30th.
- Firefighter Jefferson has a death in the family on the 14th, and requests funeral leave. (Use your city policy.) **This event requires a memo to the Battalion Chief.**

The buildings to be inspected this month are:

Respond to a public inquiry, given policies and procedures, so that the inquiry is answered accurately, courteously, and in accordance with applicable policies and procedures. (4.3.3)

INSTRUCTIONS - procedures for achieving the objective

The examiner will provide the Fire Officer I candidate with various hypothetical scenarios dealing with an inquiry, complaint, suggestion, statement of praise, or request from a citizen, group, or organization. The Fire Officer I candidate shall respond to the provided scenarios following departmental or agency policies and procedures and ensure that all the public concerns are appropriately addressed.

EXAMINER'S NOTE

The intent is to evaluate the Fire Officer I candidate's ability to successfully communicate with the public, both verbally and in a written format. Communication must be in accordance with any agency or departmental policies and procedures. The communication must maintain a professional tone and must address the citizen's concern, question, complaint, or inquiry. The communication should positively reflect the actions or function of the agency or department. Acceptable means of responding include providing justification, providing an explanation, disseminating information, and/or redirecting the inquiry to a more appropriate source.

Develop and conduct a post-incident analysis, given a single unit incident and post-incident analysis policies, procedures, and forms, so that all required critical elements are identified and communicated, and the approved forms are completed and processed in accordance with policies and procedures. (4.6.3)

INSTRUCTIONS - procedures for achieving the objective

The examiner will provide the Fire Officer I candidate with a single unit emergency incident scenario, associated forms, and reports from the emergency incident. The Fire Officer I candidate shall use the provided information, following departmental or agency policies and procedures, to develop a single unit incident post-incident analysis. All key components of the post-incident analysis must be appropriately addressed. The Fire Officer I candidate shall first develop a written post-incident analysis report and then he or she will present the findings to the examiner in a verbal report.

EXAMINER'S NOTE

The skill will evaluate the Fire Officer I candidate's ability to successfully analyze a single unit incident and evaluate it in order to improve future emergency response activities. Scenarios or run reports used by the candidate to develop their report may be from actual responses or hypothetically derived. The examiner should vary the scenarios given to each candidate in the class.

It is suggested that you use the policies and procedures of your department. If you are teaching this course at a non-departmental institution, acquire a fire department's policies and procedures, or modification thereof, to complete the skill.
