

INSTRUCTION SHEET

INTERMEDIATE WILDLAND FIRE FIGHTER PERFORMANCE SKILLS

Format

The Intermediate Wildland Fire Fighter performance skills are designed to meet both the NFPA and NWCG national standards. Therefore, this curriculum contains both “performance standards evaluations” and “task book skills.” The performance standards evaluations are designed for testing and demonstrating proficiency of the NFPA job performance requirements (JPRs). The task book skills are designed to meet the requirements of the NWCG Position Task Book for FFT1/ICT5.

Performance Standard Evaluations

The performance standard evaluation skill sheets are to be used to prepare and test the trainees according to TCFP rules for skills testing. The scoring method for the Intermediate Wildland Fire Fighter performance standard evaluation skill sheets is satisfactory (S) or unsatisfactory (U) for each grading criteria, and a Pass or Fail for the entire skill sheet. In order to successfully pass an Intermediate Wildland Fire Fighter performance standard evaluation, the Intermediate Wildland Fire Fighter trainee must receive satisfactory scores in all of the grading criteria. Any grading criteria marked unsatisfactory shall require the examiner to explain the reason for the failure in written form in the comments section of the skill sheet. Some of the performance standards evaluations can be used to document completion of task book skills. However, there are several remaining task book tasks which must be completed as described below.

Task Book Skills

The TCFP Intermediate Wildland Fire Fighter certification also requires the completion of the NWCG Position Task Book (PTB) for FFT1/ICT5 in addition to this curriculum. The PTB shall be completed as described in National Wildfire Coordinating Group (NWCG) Wildland Fire Qualification System Guide (310-1) and in the Texas Intrastate Fire Mutual Aid System (TIFMAS) Business Manual.

The NWCG Position Task Book for FFT1/ICT5 can be found on this web site:
