The 2020 Edition of NFPA 1851 Standard on Selection, Care, and Maintenance of Structural Fire Fighting Protective Ensembles was released in August of 2019. The revised inspection guide includes the requirements in the 2020 Edition of NFPA 1851. The 2020 Edition supersedes the 2014 Edition that was used to conduct compliance inspections prior to the new edition. The NFPA 1851, 2020 Edition includes new and changed standards that may require regulated departments to modify or change internal protective clothing policies to incorporate new procedures and practices in order to comply with the new edition.

Affected fire departments, training facilities, and other regulated entities are reminded that requirements in NFPA 1851 must be incorporated into department required SOP pertaining to protective clothing. **This link provides sample risk assessments and a SOP check sheet to help regulated entities formulate a compliant Protective Clothing SOP.** [Click Here](#)
