From Basic to Intermediate Structure Fire Suppression you must:

- Hold Basic Structure Fire Suppression certification
- Have four (4) years of experience in fire protection
- Document completion of required professional development

You must document training completed from the commission approved A-list and B-list of courses or college credits in fire science and upload them to your FIDO Account to be eligible for upgrade.

***Note: Training used for this certification level must be in addition to any training used previously. You cannot repeat a course or use a course of similar content towards this level, ex. you cannot use components of basic SFF (FFI, FFII, AWS, OPS) to upgrade SFF certification.**
