

S.C. Fire Consulting, Inc.

281-728-6970

contact@scfireconsulting.com

Position: Fire Investigator / Consultant Part-Time

Job Summary: Investigate fire & explosion scenes to determine origin and cause. Document scenes with photographs and diagrams. Prepare a written report in a timely manner when requested based on the facts and findings of the investigation. Collect evidence and process evidence appropriately as necessary. Communicate effectively with all necessary parties involved. Testify as an expert witness about your findings and conclusions of the investigation.

Job Requirements:

- Certified Fire Investigator through the Texas Commission on Fire Protection
- NAFI-Certified Fire & Explosion Investigator (CFEI) required
- Able to qualify & obtain IAAI-CFI within 1 year of employment
- Certified Fire Inspector through the Texas Commission on Fire Protection is preferred
- Familiar and up to date with the latest editions of NFPA 921 & 1033
- 5 years' experience in origin & cause fire investigations as the lead investigator
- Current and updated CV with continuing education in fire investigation
- Has testified and or is capable of testifying effectively as an expert witness about the origin and cause of a fire or explosion
- Can work as a team, has a flexible schedule, and is able to adapt as needed
- Capable of independently and with confidence developing an opinion as to the origin and cause of the fire and verbally explaining to the client or other team members
- Currently licensed or is capable of being licensed as a Private Investigator in Texas
- Ability to work independently, travel, and communicate effectively is essential
- Can prepare a written detailed report, mount photos, and prepare diagrams based on the conclusion and findings of the investigation when requested
- Able to accept new assignments with short notice and get on the scene ASAP
- Some long-distance traveling along with staying overnight will be common
- Some basic computer skills to type reports, mount photos, do research, and send emails is essential
- Ideal candidate would be actively working on shift rotation with the Fire Department and or have experience in the arson division from Police, Fire Department, or Fire Marshal's Office

Location: Central/West Texas Area

Contact: Interested candidates meeting the above requirements for this position, should forward their CV or Resume to contact@scfireconsulting.com with "Fire Investigator Position" in the subject line.
